Pre-Owned Vehicle Opportunity "Hot Sheet"
November-December 2019

The following abbreviated examples are as an example and meant only as a starting point. They are based on Market Value Report (MVR) as of 12/31/2019. Gross Profit is no money down, no TFL, transportation, buy here, sell here "cash" is calculated. The calculation for conventional financing is based on a 3% interest rate and the AFG lease program rate of 4%.

Miles and purchase prices are based on Market Value Report auction averages. These examples were selected for more than their own sake. These are vehicles that are available for purchase based on auction transaction frequency at our facilities. MVRs, Annual Allowance rates and calculated at 20000.

NOTE: Wash your hands on vehicles being considered so they don't exceed the residual value package allowed by model year on the vehicle at auction.
